

INSURANCE PLANS AT EPIC IMAGING

UPDATED: April 24, 2006

EPIC Imaging's goal is to be an authorized provider for all insurance plans and products in our area. We value your referrals and want to be your partner in navigating the complex task of determining patient eligibility for diagnostic imaging procedures. This list outlines the leading insurance products for which EPIC is a preferred provider. Insurance plans not appearing on the list are still accepted at EPIC but there may be out-of-network charges.

IMPORTANT: This list changes frequently. If you would like to be seen at EPIC, please call the center even if your insurance product is not shown. Our staff can quickly determine if EPIC is an option for you and what, if any, additional charges would be required.
